Welcome to Week 8. This week is a very busy one, as has the term, with our primary dance group performing their matinee dance yesterday, the Yr6 chalk day fundraiser, our Fathers’ Day Breakfast and District Athletics Carnival both this Friday.

Finally, good luck to those students representing the school at this week’s athletics carnival, weather permitting.

Mr Giles

SAS Staff Recognition Week

Every year we recognise the vital role that SAS staff (school administrative support) play in schools across NSW. This year’s theme is “School Administrative & Support Staff: Stepping up to the Challenge”.

As modern schools step up to the challenge of educating students in this century and the demands of an ever-changing world, SAS staff are the backbone of the great work being done.

The SAS staff here at Mount Riverview do an amazing job of supporting students, teachers and parents every day of the year, ensuring everything that is needed is in place. Our SAS staff include Mrs McKellar, Mrs Scaramuzi, Mr Hens, Mrs Van Capelle, Mrs Sykes and Mrs Redington.

On behalf of our school community I would like to thank them for everything they do for the students of our school.

Thank you to:

- Miss Natasha and Miss Kaitlin for all of their work and effort involved in getting our primary dance group ready for the Nepean Dance Festival.
- Mrs Blythe for all of her coordinating efforts involved with the Nepean Dance Festival.
- Mrs Wood, Mrs Handley, Ms McAlpine, Mrs Martin and Mrs Nalosova for helping the children to prepare for their performance.

Student banking will resume in Term 4 on Thursday 16th October (Term 4 Week 2).

School Banking Committee
Congratulations to:
- Our primary dance group for their outstanding performances at the Nepean Dance Festival. Your behaviour and performances were outstanding.

**CPR Help – Stage 2 and 3**
Our CPR Help workshops will be run on Monday 8th and Tuesday 9th September for all primary classes. The workshops provide students with basic first aid and CPR techniques which will give them the knowledge to stay safe and possibly help in an emergency situation with families or friends.

Notes went home a few weeks ago and thank you to all families who have returned permission slips and money. There are still places left in the workshops for those families who have yet to return permission notes. I have reattached the permission note (in case it has been lost) and would ask that **notes be returned to school by Monday 8th September** so that students will be able to participate on the day. Students not participating in the workshop will be given alternative work to do whilst their class is at the workshop.

**School Swimming Scheme – Term 4**
The “School Swimming Scheme” will be operating during the first two weeks of Term 4. Notes have already gone home to students in Years 2-6 for all interested students. The program is intended for students who are unable to confidently swim 25m unaided.

Miss McFarlane, Mrs Sowter and Mr Simone will be the accompanying teachers for the program with students travelling to the pool at Glenbrook by bus each day.

The program will cost $80 per student that incorporates pool entry and bus hire. **Notes should be returned as soon as possible with payment needing to be finalised by Wednesday 10th October.**

If there are any questions or if families would like to be able to make this payment by instalments please contact the office.

**Commonwealth Games-athon Meal Deal**
Notes have gone home outlining the organisation of the Commonwealth Games-athon.

Students will also have the opportunity to purchase a $2 Meal Deal lunch on the day.

The Meal Deal will consist of a gluten free sausage in a hot dog roll with a choice of sauces (tomato, BBQ, mustard) and either a popper or 250ml water. To help with organisation each student and parents attending will need their own order form. Your child may order more than one Meal Deal. Order forms will be sent home with your child this week but they will also be available on the school website.

**Please note that orders will NOT be taken after Thursday 11th September.**

Students will need to bring their own recess and drink bottle on the day.

Mrs Dwyer
Library News

The Premier’s Reading Challenge is now over for 2014. By the end of the program we had 164 students (84%) complete the challenge. This is a magnificent effort and everyone should be very proud of their achievement. This gives us a big target to chase for the challenge in 2015.

Student Assistance, We Can Help

During the course of the school year there are many financial demands upon parents. Excursions, uniforms, shows and textbooks are just a few. As a parent I understand the constant pressure that these costs can bring to a family budget and that as parents we want to provide our children with all opportunities made available to them. Each year the school is provided with a small budget to help any parents who may require some financial assistance for school related expenses. If parents require any assistance with school related expenses please contact Mr Giles or your child’s teacher. All enquiries are confidential.

PSC – NRL Grand Final Competition

The NSW Premier’s Sporting Challenge Principal Sponsor, NRL’s One Community is offering all students participating in the 2014 NSW Premier’s Sporting Challenge Primary and Secondary Challenges the chance to win a family pass (four “Gold Tickets”) to attend the NRL Telstra Premiership Grand Final, as well as two signed premiership jerseys, one for you and one for your school.

The NRL Grand Final will be held on Sunday October 5 at ANZ Stadium.

For the chance to win, tell us in 100 words or less why Rugby League is the “greatest game of all”.

Entries are to be completed on the entry form (attached) and emailed to psc@det.nsw.edu.au by 5pm Monday 8th September 2014. To be eligible to win, all entries must include your full name, year and school.

Anaphylaxis – a shared responsibility

Being the start of a new school year it is just the right time to remind everyone about this issue. We now have a couple of students at our school who have a severe allergic reaction to peanuts. This anaphylactic reaction is likely to be life-threatening. For this reason we ask that peanuts are not brought to school. This includes peanut butter, nut spreads (nutella), and nut bars.

The inconvenience to some children is recognised and appreciated, but the consequences to children with this severe allergy are extremely serious.

All members of our school community are asked to be aware of the dangers of even the slightest contact with peanuts or tree nuts for these children.

To help minimise the risk, simply washing hands and cleaning teeth before coming to school would really help.

School Security, You Can Help

If parents or community members observe any destructive or suspicious behaviour in the school grounds please ring the School Security phone number listed below. All reports are treated discreetly; names do not have to be left with the operator.

HOW TO BEAT THE EXAM SEASON BLUES

More homework, additional study expectations and heightened pressure at school can be a recipe for study ‘meltdowns’ and household arguments. Penrith City Library has come up with some key tips for local families looking to beat the exam season blues:

Plan it out
If you plan out your study timetable, you will be able to factor in rest, down-time and relaxation as well as study. It allows you to be in control of your own time. Getting plenty of sleep and making sure you take breaks and relax can reduce stress, as well as increase efficiency.

Get out of the house
Taking some time away from your normal surroundings is a great way to refresh. Penrith City Libraries are an excellent places to get some space but still be able to stick to your study timetable and get things done - with all the great resources available and our friendly staff on-hand to assist.

Ask for help
How exactly do you ‘study’ anyway? Sitting in front of an open textbook for three hours doesn’t mean three hours of study. Sometimes you can get stuck on something, or may just hit a wall. Don’t forget parents, teachers and librarians are there to help - and you have free access to expert tutors online, on-demand, with the yourtutor service from your library.

Whether you need assistance with study skills, or school subjects like maths, English and science, a live expert is available to help you work through a question and figure it out. All you need is your library card, and you can log in online to yourtutor Monday - Friday and Sunday 4pm - 8pm, from home or at your library.
GLENBROOK / LAPSTONE RFB
